

Govt. Degree College, Basohli

Zoology Home Assignment Test for Semester VI (Session 2019-20)

Note: All questions are compulsory. The answer should be in detail covering diagrams/ figures/ etc. if required and based on more than one source for high scoring. A medium sized notebook (separate for each subject) shall be used for writing the assignment test for both theory and practical; all the assignments along with **practical notebooks in case of Science Subjects** shall be **submitted together in the college on the day of your Ist examination (i.e. 15/09/2020)**. (Students shall strictly follow the COVID-19 guidelines issued by the Govt. during their visit to the college such as maintaining social distancing and wearing the face mask)

(Theory Assignment; MM: 20)

Section A: Long Answer Questions (10 marks each)

- Q1. What are the general characteristics of insects? Give a detailed account of morphological features of head and mouth parts of insects with references to their feeding habits.
- Q2. Write a detailed note on:
- Dengue and Leishmaniasis
 - Flea borne diseases and Typhus fever.

(Practical Assignment; MM: 05)

- Q1. Write a descriptive note on the following and draw a well labelled diagram of each.
- Types of antennae in insects
 - Anopheles*
 - Xenopsylla cheopis*
